

4 Watt Candle LED Filament Bulb

AVAILABLE IN B15, B22, E14 & E27 LAMP FITTINGS.

The Lightwell Filament range of dimmable and non-dimmable bulbs are designed to combine the familiar shapes of classic incandescent bulbs with the benefits of the long lasting LED technology. Light is distributed in a full 360° angle to ensure even illumination and warm light spread as found with traditional filament technology, but at a fraction of the energy consumption.

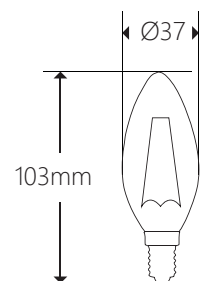

- ✓ Perfect retrofit with high quality finish
- ✓ 360° beam angle to provide full illumination
- ✓ 2200-2700K colour temperatures for traditional warm light
- ✓ Dimmable or non-dimmable
- ✓ Available in B15, B22, E14, E27 fittings
- ✓ Environmentally friendly: no mercury or hazardous substances

Application

Hotels, Offices, Schools, Outdoor, Hospitals, Home and Domestic.
