

## 20 Watt Portable LED Floodlight

### PORTABLE & RECHARGEABLE OUTDOOR LIGHTING SOLUTION.

These high quality floodlights use one superbright SMD LED chip to emit over 1600 lumens making them an ideal replacement for old halogen floodlights. Using only 20w of energy, this floodlight will provide 4 hours of wireless light from a single charge.

Another advantage over halogen floodlights is that they remain cool whilst in use with no UV or IR heat radiation. This item has been specifically designed to be the brightest 20W floodlight available. These portable work lights are excellent for Photographers, Trades People and DIY enthusiasts. They are also perfect for late night mechanics or setting up your campsite. This IP65 Waterproof Work Light has a huge amount of uses, simply plug it in on your way to work and have it charged up ready for use.

20 Watts, 1600 Lumens, 4400 mAh Rechargeable Lithium-ion Battery,  
Working Time: 3-4 hours, Charging Time: 4-5 hours.

### Application

Building/Construction Sites, Outdoor Events/Activities, Sports Pitches, Photographers, DIY, Trades, Emergency
