

20 SMD - 3.5 Watt MR16 LED Spotlight

DESIGNED TO OUTPUT A BROAD & UNIFORM PROJECTION OF LIGHT

The Glass Covered LED bulb features 20 individual high quality 5050SMD LEDs that emit a light output of 360 lumen. Available in both Cool white and Warm white options, it uses only 3.5 watts of power yet compares in brightness to a 40 watt traditional bulb.

This SMD MR16 bulb features a massive 120-degree beam angle; designed to output a broad and uniform projection of light into any room or upon any surface. This bulb will install into any MR16 socket with an input voltage of 12V. It is ideal for domestic and commercial lighting and is intelligently designed to reduce energy consumption by up to 90%, delivering 50,000 hours of maintenance free lighting.

Offering the latest heat-sink design, this helps to disperse any unwanted heat from the LEDs which protects the overall lifespan of the chips.

Application

Kitchens, Bathrooms, Studies, Hallways, Living Areas, Offices, Retail, Task Lighting, Store Displays.
